In signing this document, I acknowledge the following:

1. I will abide by, and am beholden to, the rules and regulations governing parking and the use of parking permits set forth by Transportation Services in their Rules and Regulations.
2. I acknowledge only one license plate will be active in my account. If I chose to drive an alternate vehicle (different than the one currently registered with my account), it is my sole responsibility to change the license plate registered in my account to match the vehicle I will be parking on campus. I understand that failure to do so in advance will result in my vehicle being ticketed and/or towed at the owner's expense.
3. I acknowledge a valid, paid permit must always be active in my account so that I am authorized to park on University of Toronto property. If my permit has expired, and I am unable to buy a new one for any reason, I will have to pay for my parking via Pay-by-Plate machines or Pay-by-Phone (ParkedIn) where available on campus.
4. I agree to pre-pay the full 12-month rate (or a prorated amount when the permit is active for a period of less than 12 months within the fiscal year - May to April) for my parking permit as specified on this form. If I fail to meet my obligation, Transportation Services reserves the right to revoke my parking privileges.
5. If paying by payroll deduction, it is my responsibility to ensure correct monthly deductions are made. Any short fall in the total amount owing will have to be remunerated before the end of the fiscal year. This amount, payable in lump sum or installments, will be agreed upon between the permit holder and Transportation Services. Equally, any excess payments made by the permit holder will be refunded immediately by Transportation Services, once verified, in the next available pay period.
