Chestnut Permit Purchase Guide

IMPORTANT!

It is the responsibility of the permit holder to ensure the correct vehicle is registered to their permit before parking on University property.

Permit holders are allowed to register only one (1) vehicle per permit. However, you can change the registered vehicle a limited number of times at your convenience. These limitations are documented in our rolling 7-day policy.

Additionally, it is required that permit holders understand the regulations, binding upon purchase of any University of Toronto Transportation Services permit, that govern their use.

Please refer to the parking regulations on our website for more details.

STEP 4: Agree to Terms of Service

Permit holders must agree to the binding regulations that govern all permits issued by the University of Toronto Transportation Services office as well as the parking facilities we manage.

Please Note: The sections “Summary of Conditions” and “Jurisdiction” are applicable to all permit types.

Please visit our website for a full listing of parking regulations.
STEP 5: Select Permit Category

All permit categories that your account has been granted permission to purchase will be listed on this display.

Click on your requested permit category.

Please Note: For the purposes of this guide, the below screen capture is showing all four possible Chestnut permit categories. However, based on the type of permit requested, only your chosen permit category will be visible.

For the remainder of this guide, we will follow through the purchase process for an annual staff permit. However, the process is the same for all monthly/annual permit types.
STEP 6: Select Permit Type

Chose your permit category. For this example, we will continue with the purchase of an annual staff permit.

Within the permit category there can be multiple types. In the case of all Chestnut permits, there is the following:

1. Monthly (by calendar month)
2. Annual (for the full permit year – May to April)

IMPORTANT!

3. Prorating is done for both monthly and annual permits:
   - Monthly: Always prorated on the 16th of the month. Meaning you can purchase the last half of the month at half price (there is no prorated price for the first half of the month).
   - Annual: always prorated on the 16th of the month and 1st of the upcoming month.
   - If a permit is purchased before the prorate date, the full rate will be applied.
STEP 7: Select Location

Click on the “Chestnut Residence: General” button.

All permits are linked to specific parking locations. Chestnut Residence permits, like virtually all other permits, are valid at one location.

**Please Note:** Review the start and end dates of the permit in the “Dates” field above. Permits are valid and active immediately upon completion of the purchase process. Purchasing a permit before a prorate date will incur additional charges.
**STEP 8A: Select Vehicle**
*If you need to register a vehicle for the first time to your permit skip to Step 8B (page 10)*

Click on your registered vehicle to verify your selection.

Click on the “Confirm” button.

**IMPORTANT!** Make sure the vehicle details are correct. In particular, your license plate.

If an incorrect license plate is registered this will result in your vehicle not being linked to a valid permit in our enforcement database. As a result, a Parking Violation Notice (ticket) would be issued to your vehicle. Under such circumstances, a ticket withdrawal will not be possible. There are no exceptions.
STEP 8B: Add Vehicle*

*If you already have a registered vehicle in your account, go back to Step 8A (page 9)

If you do not have a vehicle registered in your account, click the “Add Vehicle” button.
